

RTI Guidelines

Testing

1. All K-6 students will take four Discovery Education assessments in both Communication Arts and Math throughout the school year.
2. Students will be tested in their regular classroom, if he/she is in the classroom for that subject area.
3. Students who receive their Communication Arts and Math instruction through special education will test in the Special Education room. In addition, those students will not be placed into groups.

Groups

1. In order for any student to be placed into a group, he/she would have to take the Discovery Education test.
2. Any student that remains in the regular classroom for instruction in that subject area will be put into a group, if needed. This includes students who receive special education services, but are in the regular classroom for that subject.

Blue

1. This group is limited to only two students.
2. Two lowest overall test scores

White

1. This group is limited to 3-4 students.
2. After the Blue Group is determined, the next 3-4 test scores will be placed into the White Group.

Hornets

1. All students who were not placed into Blue and White Group will be placed into the Hornet group.
2. Any student who receives special education services for either Communication Arts or Math.
